

OLAT-Operator Licence Awareness Training

Duration: 1 day

Drivers CPC Upload Not Available

Purpose:

If you operate an LGV business your Operator Licence is your most valuable asset. By attending this course, you will receive professional training on the O-licence undertakings and your responsibilities, so you and your employees are better equipped to protect it.

This course is aimed at Company Directors, Partners and Business Owners as well as unqualified office staff and provides an overview of Operator Licence requirements to re-affirm the undertakings given to the Traffic Commissioner when applying for an 'O' Licence.

The course may also be required to be undertaken following an instruction from a Traffic Commissioner. This is common when an Operator holding either a Standard or Restricted Operator License and has appeared at a Public Inquiry.

The Institute course complies fully with the expectations of the Traffic Commissioners.
